# ENVIRONMENTALLY RESPONSIBLE DESIGN

We make it easy to be green! Our modular design and portion control technology reduces waste and provides the simplest way to add a bulk foods section to your business.

## ROSSETO IS ECO FRIENDLY

All of our containers and dispenser wheels are FDA approved, BPA Free and available in NSF options.

NSF certification is your key to making sure that the products you use meet strict standards for public health protection.

FDA approval means the agency has determined that the benefits of the product outweigh the risks for the intended use.

BPA Free products are made with plastics that contain no Bisphenol A, which may be harmful.

Our Patented Silicon wheel allows you to get precise portions every time, without crushing your product. It is also food safe and easy to clean.

# THE BEST BULK RETAIL SOLUTION AVAILABLE

## BENEFITS

- ✓ **Most value** for your money (big footprint with a small investment)
- ✓ Free ingredient label templates
- ✓ No labor or installation costs
- ✓ **4 Easy Cleaning Steps**
- ✓ **NSF, BPA & FDA approved**

## MODULAR, VERSATILE DESIGN

- ✓ Competitors require a design team to come and measure, then they build a huge custom wooden shelving system you can't move or change.
- ✓ Bulkshop Gondola is modular and easy to assemble by 2 people, no design team required. Then if you want to move it or change from candy to natural foods- no problem.
- ✓ Bulkshop Gondola stands alone and does not need to be bolted to the floor.

## PORTION CONTROL TECHNOLOGY

- ✓ Competitors use levers you have to pull down to release product which makes a mess and doesn't control portions.
- ✓ Bulkshop dispensers allow you to "dial in" exact portions, letting you control food cost, reduce waste and SAVE money.

Our portion control technology removes product waste associated with pull levers. Simply turn the dial to get the exact portion you need every time.
